

My Estimate

Using **My Estimate** you can quickly create a custom estimated price quote based on your customer account with Locke Supply. **My Estimate** requires a Customer Number (set by a Locke Supply associate) and a Home Branch. All estimates are subject to availability and pricing changes that may occur at the time of actual purchase.

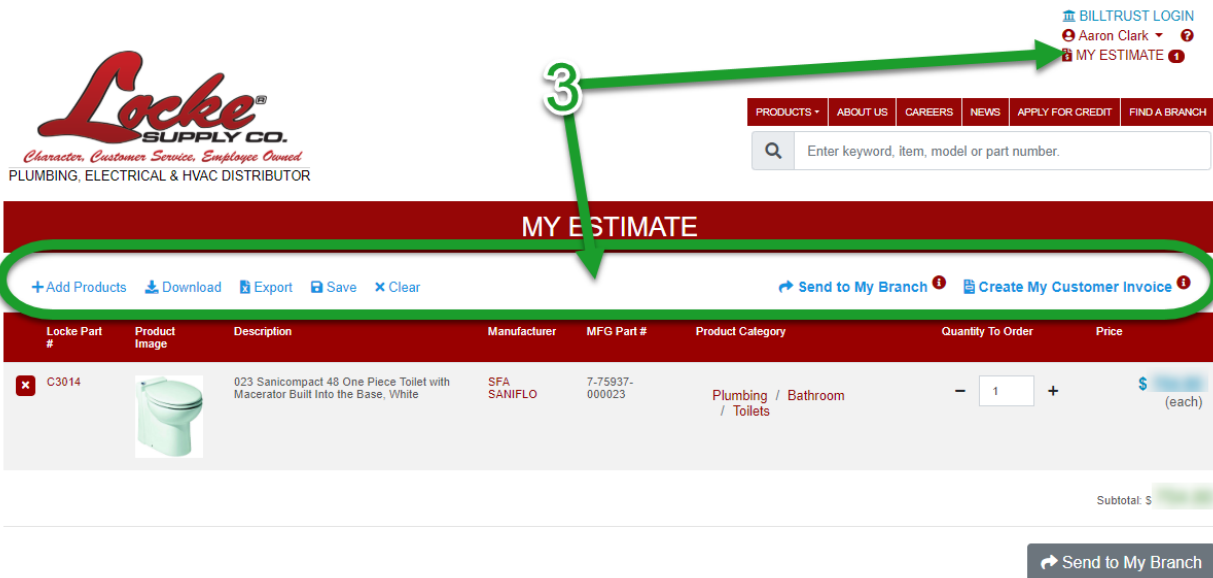

1. You can set/change your Home Branch from your **My Account** settings (click your name) or from any product page using the **FIND A BRANCH** link at the top menu.

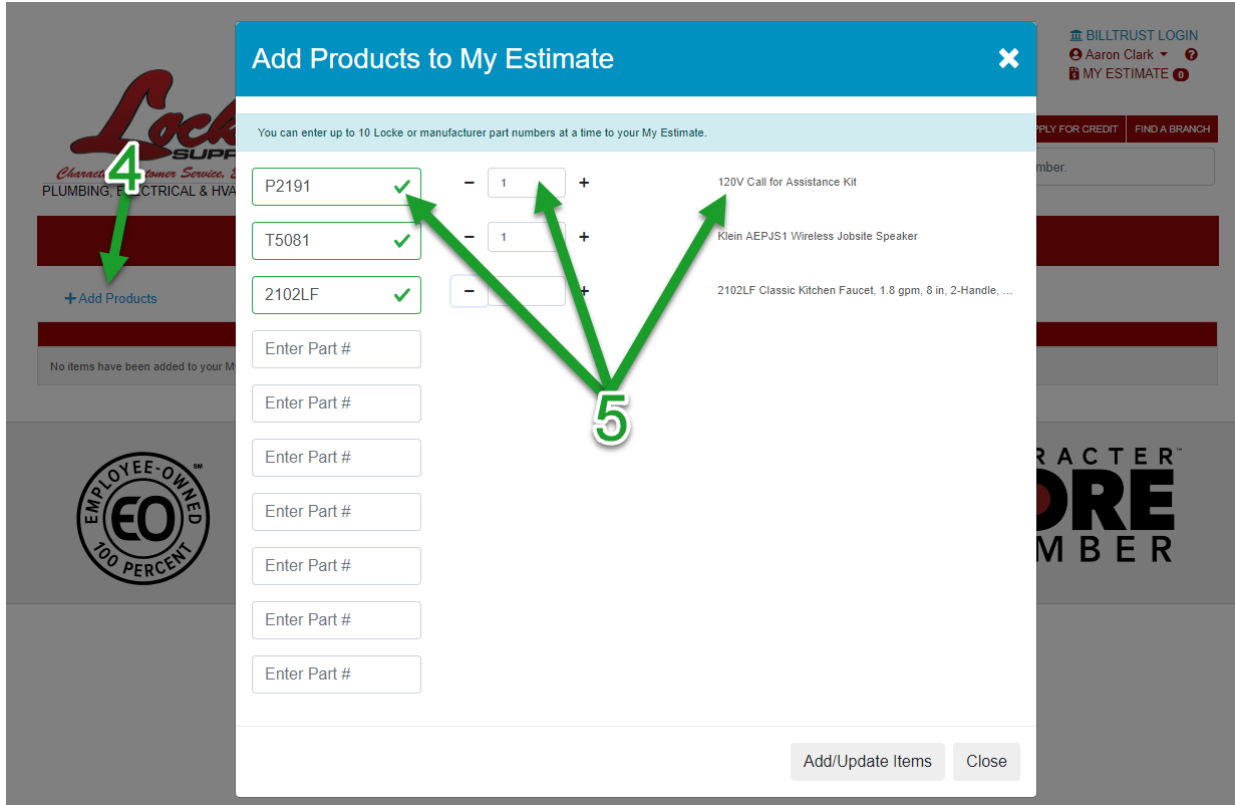

2. Add products to **MY ESTIMATE** using the **Add to My Estimate** button on any product page.

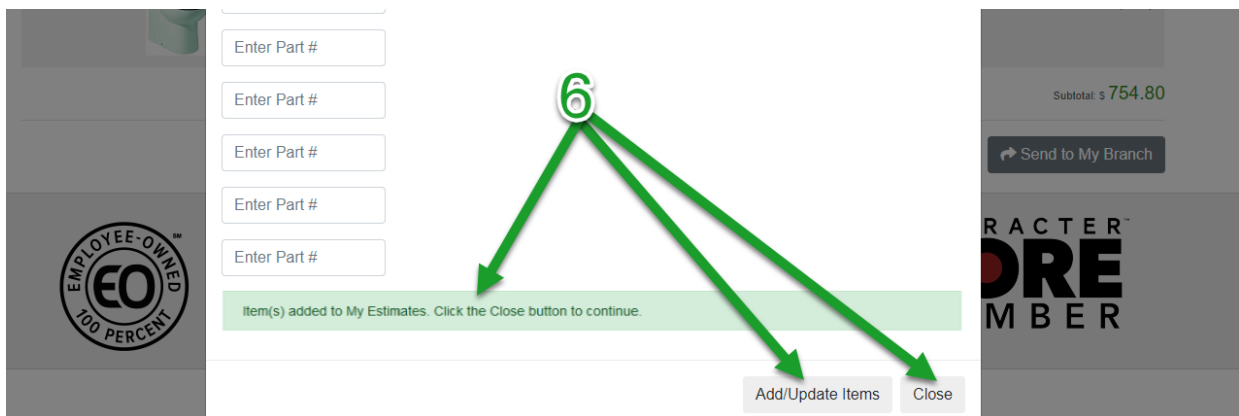

3. Click **MY ESTIMATE** at the top right of the web page to navigate to your My Estimate summary page. From there you can use the toolbar to manage and edit your estimate.

4. Click the **+Add Products** link to quickly add products to your My Estimate.
5. Type the Locke part number or manufacturer part number, edit the quantity, and double check the product description to ensure you have the correct product.

6. Click the **Add/Update Items** button to add the products to your My Estimate. When the green message box appears, either continue adding products or click the **Close** button to return to your My Estimate page.

My Estimate

- 7. The **My Estimate** tool allows you to setup only one estimate at a time.
 - a. **Download** button: Downloads a PDF that you can save or print.
 - b. **Export** button: Exports a CSV file to save on your computer.
 - c. **Save** button: Saves a copy of your My Estimate in your account for later use. Unsaved My Estimates will expire in 24 hours.
 - d. **Clear** button: Clears your current estimate so that you can start a new one.
